

NVR8 IP video recorder

AvCam NVR8 is network digital video recorder with H.264 and 1080p support in 8 channels. NVR8 features, quality and pricing make it a best solution you can get from markets. Using NVR8 is easy and effortless with its graphical user interface.

Product specification :

• Compression:

- Preview capability : 8Ch 1080p
- Compression frame rate : 5/10/15/20/25 Fps

• Monitoring:

- VGA Resolution : 1024x768, 1280x1024
- Video output : VGA, HDMI

• Storage:

- Hard Disk (Optional) : 1 x SATA (Max. 3TB)
- USB : USB memory / External Hard Disk (Backup)
- USB file system support FAT32 format
- File formats : .txt, .cfg, .avi, .h264

• Playback:

- Search prime mode : Ch number / Video type / Date
- Playback mode : 2Ch 1080p

• Security:

- Number of users : 64 local users / 64 WAN users
- Authorization control : Access control

• System :

- CPU : Hi3520 microcontroller
- OS : Embedded Linux OS

• Network :

- Ethernet : RJ45 (10/100Mb)
- Protocol support : TCP/IP, DHCP, UDP, SMTP, NTP
- Client monitoring : CMS, WebCC

• Connectors and LED's:

- RJ-45 10/100Mb Ethernet port
- DC jack (12V / 2A)
- 2 x USB port
- HDMI / VGA for video output
- Power/Record/Alarm LED

• Power :

- Power supply : 12V DC 2A

• Measurements :

- Width: 250mm
- Height: 40mm
- Depth: 200mm
- Weight: 2Kg

• Safety / Certificates :

- CE, FCC, Gost, WEEE

• Retail package contains :

- NVR8
- USB mouse
- Power adapter
- remote control (IR)
- HDD screws
- Installation guide

• EAN / Order code :

- 64 18949 043516
